

# A FAMILY LEGACY

SINCE 1925

## FOOD SERVICE SOLUTIONS

### SERVE HIGH QUALITY FOOD AT SCALE

NATCO is a supplier of meats and food-service products that has been supporting institutions around Louisiana since 1925. Our large, high-tech facility is USDA inspected and operated by HACCP-certified staff. This allows us to maintain an extremely high standard of food safety while also moving large volumes of truly custom cuts and products. Combined with our decades-long market experience, these qualities make us an excellent partner for institutional food service.

## WHY NATCO?

### MARKET KNOWLEDGE

- NATCO makes purchases with over 97 years of experience, allowing us to buy at lower prices than other suppliers.
- We can help you develop a menu that won't just taste good, but which will allow you to take advantage of seasonal pricing throughout the year.

### CUSTOM TO YOUR NEEDS

- We can create truly custom cuts, including unique sizes and nonstandard products.
- We can provide a wide range of food service products in addition to our proteins.
- Get your custom-branded products delivered straight to your location.

### PRODUCT SAFETY

- Increased Shelf Life Safety.
- HACCP certified employees are involved in every step of our process, ensuring safe food handling.
- Peroxyacetic acid interventions eliminate 99.8% of E. Coli in food. Parasite treatment removes potential health hazards.
- Machine-cut meat means less hand-to-meat contact which equates to lower bacteria.
